

## Questions & Answers

Most questions can be found on our training page. Please make sure if your question is not answered here that you review the items on that page as well. Email is generally only answered once a week.

1. When is the next training class? Dates are posted on the training page.
2. Why are classes on break during the summer? Our building is not air conditioned and is extremely hot during the summer.
3. What days are training classes? This depends on the class and the trainer schedule. Puppy and OB classes are generally on Monday nights. Most classes are listed on the training page
4. How long are the classes? Sessions are 45-60 minutes, one day a week. The course last for 7 weeks.
5. How much are the training classes? The cost for classes is 70.00 per 7 week course. Check/money order or cash is accepted.
6. I give my own immunizations, is that ok? Yes, as long as you have some sort of proof. (receipt from purchase, vet record stating such, etc) Rabies vaccine is required by law, and not allowed to be self administered. Proof of rabies is required. It is available at the Marion County Animal Shelter for 3.00 for a sterilized pet and 30.00 for an intact animal.
7. Do you have weekend classes? No we do not currently offer weekend classes.
8. Where are you located? We are located in the Southeastern Livestock Pavilion, "Blue Building" at the back of the property, 2232 NE Jacksonville Rd., Ocala, Florida
9. My bitch is in heat is it ok to bring her to classes? No we ask that you leave bitches in season at home. Please wait at least one week AFTER season to bring to class again. We can make arrangements for you to take the next session if needed
